

ENTERPRISE NETWORK TOPOLOGY

ABC Startup Solutions • ITEP 414 – System Administration and Maintenance • Week 2 • Ralph Rio H. Bautista

Logical VLAN Segmentation

VLAN	Department	Purpose
VLAN 10	IT	IT administration and technical workstations
VLAN 20	HR	HR systems and employee records
VLAN 30	Finance	Financial systems and records
VLAN 40	Sales	Sales and customer/account operations
VLAN 50	Servers	Server and NAS resources
VLAN 60	Guest Wi-Fi	Internet-only guest access

Topology: Firewall-protected star topology with logical VLAN segmentation. Final Draw.io version should use standard networking symbols and logical connectors.
